

URGENT – M27 BRANCH MEMBER AUDIT - DECLARATION

TO BE RETURNED BY ALL M27 MEMBERS AS A PRIORITY

When applying for GMB Union membership, within the application is a GDPR declaration which allows members to opt out of receiving phone calls and e-mails. Some members have chosen not to receive phone calls and e-mails based on an assumption that they will receive messages not relevant to them.

This has meant that some members have **not received phone calls or e-mails when they require support** or are not kept up to date on workplace issues through their own choice, **simply because of their GDPR declaration.**

Please complete and return the detail below to ensure that when you need support there is **no barrier in contacting you – by completing below, it is accepted that any detail given will be used for contact in respect of personal or workplace issues.**
