

30th August 2022

Dear Colleagues,

NSL Wandsworth Industrial Action Updates

You are all aware me and Femi met with ACAS last Tuesday. It took some 4 hours of negotiating. We had reached an agreement with ACAS where we would ballot you on an updated offer, our intention was to attempt to do this last Friday. Unfortunately, the offer did not get to us until Thursday evening, so it was too late to ballot.

Under close scrutiny of the offer, what transpired was that NSL reneged on the negotiated deal with ACAS/GMB and subsequently changed it. I have raised this with ACAS who have stated that NSL are refusing to move. I will also be raising this with the Council as they had a representative who attended the ACAS meeting also. It is a sad day when an employer attempts to mislead ACAS and ourselves.

The next strike dates are below and we should remain in a position where action continues on the predetermined dates.

9th and 12th September

23rd and 26th September

Yours fraternally

Paul
